

to imprisonment for a period of from five to ten years on a charge of attempted murder, while Gavrio Princip, who fired the fatal shot, may, it is said, escape with ten years' imprisonment on account of his youth.

The will of the slain Archduke was found and opened by Emperor Francis Joseph this evening. The Archduke's children, it is said, are to inherit their late father's estates in Bohemia and in Salzburg and in Austria. The rest of the estates, including the famous villa Tivoli at Florence, are to go to the new heir to the throne.

### VIENNA WANTS WAR AGAINST SERBIA TO AVENGE ARCHDUKE.

VIENNA, June 30.—The frenzy aroused by the assassination of Archduke Francis Ferdinand and the Duchess of Hohenberg and the urging of a punitive war upon Serbia by advanced sections of the Military and Clerical parties were followed to-day by the declaration that a powerful party will put forward as early as the throne of Austria-Hungary the little Prince Maximilian, eleven-year-old son of the slain Archduke.

What the result of this may be no one can foretell, but it may force the recognized heir, Archduke Charles Francis Joseph, to enter a struggle that will upset the Great Powers of Europe. The mother's non-royal rank debar the little Prince from succeeding to the throne under the old Hapsburg laws, but Count Sternberg, prominent publicist, claims the Austrian law recognizes marriage as valid or non-valid, and knows nothing of morganatic unions. The slain Archduke on his marriage renounced the throne for any children that might be born to his morganatic wife, but the supporters of the little Prince contend the father could not bind unborn children to such an arrangement.

The main concern now is the situation in Bosnia and Herzegovina, where there are grave fears of outbreaks.

### BODIES OF THE SLAIN PUT ON BATTLESHIP; HIGH HONORS ARE PAID.

BELGRADE, June 30.—The bodies of the Archduke and Duchess arrived here on a special train at 6 o'clock this morning from Sarajevo. They were accompanied by members of the household.

The town was draped in black, while all the lamposts were covered with crepe and the flags on all the buildings flew at half mast.

As the yacht left the guard of honor fired a general salute. The vessel was preceded down the river by a torpedo boat and followed by the Governor's yacht, on board of which were the members of the households of the Archduke and Duchess. The Governor also accompanied the bodies while they remained in the waters of his territory.

When the Dalmat reached the mouth of the river it proceeded to the battleship Veribus Unitis, which was lying at anchor waiting to convey the bodies to Trieste. The yacht fired a salute of nineteen guns as she came alongside the battleship and the bodies were then transferred to the afterdeck of the Veribus Unitis, which had been transformed into a mortuary chapel decorated with flags.

Here the bodies were again blessed with much ceremony by the ship's chaplain in the presence of the members of the household and the naval officers, while the entire crew was drawn up in a circle around them. The Veribus Unitis weighed anchor at 9 o'clock and sailed northward with the archducal standard flying at the masthead.

### VIOLENT SCENE IN CROATIAN DIET.

AGRAM, Croatia, June 30.—Delegation by Nationalist Croats of a Catholic and Serbian coalition in connection with the assassination of Archduke Francis Ferdinand and his consort led to a scene of violent tumult in the Croatian Diet to-day, and the disturbance became so great that the Speaker suspended the session. Violent threats filled the Chamber. The Serbian Deputies were taunted with being murderers and were asked if they had brought their bombs with them.

### MISSING BOY DROWNED.

Body Found Floating in the Harlem River.

The body of six-year-old Herbert Carter, son of Arthur Edson Carter of No. 87 Edgecombe avenue, the Bronx, was found floating in the Harlem River at One Hundred and Forty-third street to-day by Policeman Casey of the Lenox avenue station and was taken to the Harlem mortuary.

The boy was in swimming with one of his boy chums last Friday and has since been missing. For three days his parents thought he had been either kidnapped or killed by an automobile. The body was identified at the mortuary to-day by an aunt of the boy, Mrs. Ella Brenner, who notified the parents.

WASHINGTON, June 30.—Rear-Admiral Fletcher will become commander of the Atlantic fleet in August, Secretary of the Navy Daniels said this afternoon. Until then he will remain in the United States on vacation.

## HUERTA SENDS CHILDREN AWAY; IS READY TO FLEE

Private Advice From Mexico City Say Dictator Plans for Quick Action.

HIS ARMY WIPED OUT.

Two Thousand Said to Have Died on Road Near Zacatecas.

WASHINGTON, June 30.—Private despatches received here to-day from unofficial sources in Mexico City stated that President Huerta had sent his son and daughter toward Puerto Mexico, and was making preparations for his own departure on short notice. The information was conveyed to the State Department.

VERA CRUZ, Mexico, June 30.—Chaos reigns in Mexico City, according to the first British subjects who fled the capital under advice of Sir Lionel Carden, the British Minister, and who arrived here this afternoon. They say that neither Huerta's army officers or Cabinet members longer make any pretense of obeying the Dictator's orders, and that a condition of anarchy is near.

Huerta, the refugees declare, has again taken to hard drinking, after three weeks of practical abstinence. His condition is rapidly hastening what seems to be the near collapse of his power.

TORREON, Mexico, June 30.—Railroad men brought the information to-day that Gen. Medina Barron, commander of the Federal garrison, defeated last Tuesday at Zacatecas, had reached Aguascalientes with only fourteen men. Gen. Barron was wounded in the thigh.

The body of Gen. Oles, another Federal commander, has been found on the Zacatecas battlefield. A son of Gen. Barron, a major, was killed. His body has been found and identified.

The only group of Federals which left Zacatecas in any order was one of about 200 men. All others fled in panic-stricken. So far as it has been possible to ascertain, the Federals who managed to escape numbered no more than 300. The garrison consisted of from 14,000 to 15,000 men. About 5,000 were taken prisoners.

The extensive battle ground has made accurate figures difficult to secure. On the Guadalupe road leading to the city 2,000 died, while more than 400 bodies were found in redoubts and trenches around the hill El Grillo.

RECEDES IN MEDIATION TO BE DECLARED TOMORROW.

NIAGARA FALLS, Ont., June 30.—After a conference to-day between Ministers Naon and Suarez, it was announced that mediation would take a recess to-morrow until such time as the Constitutional delegates and Huerta's representatives could confer informally on Mexico's internal problems.

The mediators came to this decision after reading Gen. Carranza's note asking for time to consult his Generals as to the informal parleys. Minister Suarez referred to the Carranza note as "satisfactory" and sensible in its explanation of the present for time. All the mediators and their secretaries began immediately to make plans for departure to-morrow or Thursday, and it is now expected that by the end of the week the entire mediation colony will have left here. No time has been set for reconvening of the mediation, but it is not believed they will gather again for another two or three weeks.

CARRANZA YIELDS AND SENDS DELEGATES TO SEE VILLA MEN.

TORREON, Mexico, June 30.—Gen. Villa has once more forced "First Chief" Carranza into line. Word was received to-day that Carranza has appointed delegates who will confer on Friday or Saturday with representatives of Villa for a settlement of their personal differences and to decide as to the course to be pursued by the Constitutionalists.

Upon his arrival here from Zacatecas, Villa sent a telegram to Carranza, saying he was tired of the treatment he and his followers had received at the hands of the Carranzistas. He informed the "First Chief" that, unless these difficulties were satisfactorily settled, he would decline to take the field, and that his army would rest on its arms. It is the first time Villa has refused to take orders.

His telegram created a stir in Carranza's camp. The "First Chief" immediately wired that he had appointed a mediation commission, and that it was on route here for a conference. He did not announce the names of his representatives, and Villa declined to state who will represent him.

NIAGARA FALLS, Ont., June 30.—Emilio Rabasa, head of the Mexican delegation here, said he doubted the report that Gen. Huerta was preparing to leave Mexico City. He said that inasmuch as Gen. Huerta had eight children the departure of two to Puerto Mexico had no significance.

### ELEVEN-YEAR-OLD SON OF SLAIN ARCHDUKE WHO MAY BE RULER.

PRINCE ERNEST VON HOHENBERG

### BALLOU NOT KILLED BY ANOTHER MAN, POLICE CHIEF THINKS

(Continued from First Page.)

found in a collar box in Mrs. Angie's bureau.

The investigation discloses a larger intimate acquaintance of prominent Stamford men with Mrs. Angie than was realized before the tragedy. Ballou was known as her closest friend and, in a way, her protector; but members of the Odd Fellows lodge which owned the building frequently dropped in at Mrs. Angie's studio. Card parties were often organized there after lodge meetings, the prosecutor has learned, and on other evenings three or four men who knew Mrs. Angie well enough to call her by her first name called singly and together, chatting with her and drinking cocktails they had brought in.

Mr. Cummings has refused to give definite information as to the contents of the latest letter discovered except that they satisfy him that a motive for violence against Ballou existed. He attaches no importance to the piece of solid rubber auto tire with a wooden handle which was found in the wash room near the apartment. It had not the weight or the substance, he believes, to inflict a mortal blow, and bears no marks.

Mrs. Angie, who continued making statements yesterday more or less contradictory to those she had made earlier, shut herself off from all callers except her father and counsel after she had heard that Mr. Cummings and Chief Brennan had announced a positive statement that they had outlined in their own minds a story of the tragedy which was possible of proof.

These, in brief, are the suppositions on which the theory is based: That Ballou went to Mrs. Angie's rooms about 8:30 o'clock Tuesday night and heard from her something that displeased him.

That he left half an hour later and went to Kessler's saloon and took a drink, later purchasing a bottle of wine with which he started back to see Mrs. Angie. The wine, it is thought, was intended as a peace offering.

That, when he knocked on the door of her rooms, he was told to go away, but insisted upon being admitted.

That, as soon as the door was opened, Ballou forced his way in and was confronted by the other man.

That a fight followed, in which Ballou was struck down with the flatiron.

SEVERAL LETTERS TO MRS. ANGLE SEIZED.

All the evidence supporting this theory has not been made public. What is believed by the police to be a stain made by a large amount of blood was found on a large gram mat in one of Mrs. Angie's rooms. It was while he was standing on this rug, the police believe, that Ballou was struck down. The stain appears to have been scrubbed by some one who tried to eradicate it.

Several of Mrs. Angie's private letters were taken from her apartment yesterday. They are not the so-called "Charlie" letters, but are others which the police believe will establish the identity of the man who was in the rooms when Ballou came back the second time.

The officials also took a piece of linen from Mrs. Angie's bed. The letters and cloth were locked in Brennan's safe.

The Chief said to-day that the fact that measurements show a difference in the conformation of the bare feet which left bloody imprints on the stairs of the floor of the apartment does not show that there was a third person in the house that night. These changes in conformation, he explained, might have been caused by the extra pressure on the woman's feet, due to the weight of Ballou's body when she carried him from the house. The Chief says, however, that one footprint is an inch longer than any of the others.

## YELLOW TAXICAB MUST PAY FINE AS PUBLIC HACK

Judge Crain Upholds Magistrate in Fining Chauffeur Who Solicited Fares.

HARD BLOW TO TRUST.

Court Holds Taxis Can Accept Only Passengers Who Telephone for High Priced Cars.

Judge T. C. Crain, in the Court of General Sessions, to-day handed down an opinion which restricts the Yellow Taxicab Company absolutely to private hailing business unless the company takes out public licenses for its taxicabs and chauffeurs, as provided in the ordinance adopted May 27, 1913, after a long campaign waged by The Evening World.

The decision is another setback for the Yellow Taxicab Company in its persistent and impertinent attempt to use the courts in nullifying the ordinance.

Edward S. Milne, chauffeur of a Yellow taxicab, was arrested early in the morning of April 7 on complaint of an inspector of the Bureau of Licenses after he had kept his cab in front of Churchill's restaurant for seven minutes with the flag registering "vacant," had gone down Broadway to Forty-eighth street, turned north, stopped at Hector's and proceeded back again to Churchill's, stopping in front of the entrance.

The inspector claimed in West Side Police Court that Milne was soliciting trade without a license. Magistrate Appleton agreed with the inspector and fined Milne \$50 despite the fact that the defense set up that a customer at Churchill's, through the head waiter and the Yellow Taxicab agent there, had sent a telephone message for a cab and Milne was waiting for the customer to come out of the restaurant.

Through Wing & Wing, counsel for the Yellow Taxicab Company, Milne appealed from the decision of Magistrate Appleton. Judge Crain heard the arguments.

In his opinion Judge Crain pointed out that the Yellow Taxicab Company did not produce the Churchill customer who was alleged to have ordered the taxicab, nor the head waiter, nor the person who was alleged to have received the call at the garage.

Judge Crain held that Milne was "plying for traffic" under the guise of answering a private call and confirmed the \$50 fine.

The Yellow Taxicab Company, under the present law, is allowed to send taxicabs from garages in answer to private calls, but those calls must be used by the persons ordering them and by no one else from the time the cab leaves the garage until it returns. An amendment to the law has been prepared which will do away with the so-called "private" taxicab business and put the Yellow Taxicab Company on the plane of the other companies which have taken out licenses and are complying with the law.

### NEW JERSEY GIVES FREE DENTAL FETE

Hundreds Bring Teeth to Aid State Examiners in Official Test of Embryo Dentists.

TRENTON, N. J., June 30.—The Assembly Chamber at the State House was transformed into a vast dental room yesterday when twenty students took the examination for admission to the profession conducted by the State Board of Dentistry.

As there was no cost for the work, hundreds of men, women and children assembled to have the embryo tooth-pullers look at their masticators. And look they did, with all the vim and ambition that accompany the entrance of the student from the theoretical to the practical stage of his life work.

After the inspection and treatment of thousands of teeth, the examiners took the young chaps aside and tested them under a rigid inquiry as to their knowledge of dental hygiene and gave it to them, filled teeth adorned the mouths of several.

### JAPANESE TREATY DETAILS KEPT SECRET

Not Published Out of Deference to United States, Says Tokio—Trying to Avoid Excitement.

TOKIO, Japan, June 30.—Takaaki Kato, the Japanese Foreign Minister, to-day announced that details of the treaty negotiations between Japan and the United States on the subject of the Californian alien land ownership legislation would not be published out of deference to a request from the United States Government and also because the publication was deemed unnecessary.

The comment to-day of the more moderate among the leading newspapers unanimously expresses dissatisfaction with America, but following the cue given by the Foreign Minister, shows a disposition soberly to discuss the subject in the hope of enlightening instead of exciting the public.

The fear is expressed that Japan's case is hopeless and there is evidence of a strong feeling that the time has arrived to fix the status of Japanese subjects living abroad.

### SCHUMANN-HEINK GETS HER DIVORCE

Decree Entered at Chicago Permits Her to Drop Name of Rapp—Former Husband Pays Costs.

CHICAGO, June 30.—A decree of divorce for Mrs. Ernestine Rapp (Mrs. Schumann-Heink), wife of William Rapp of New York, was entered by Judge Sullivan in the Superior Court to-day. The decree provides that Mrs. Rapp may resume her maiden name, Ernestine Schumann-Heink, and that the defendant shall pay the costs of the suit. It also finds that the statutory charge made against Mrs. Rapp in the defendant's amended answer was not supported by the evidence. The decree is granted on statutory charges which, it is held, she proved against her husband.

An appeal is allowed on the defendant's filing a cost bond and bill of exceptions within sixty days.

### SAVE WOMAN IN RIVER.

Two Men Pull Would-Be Suicide Out of Water.

Marie Rips, nineteen years old, of No. 341 East Twenty-fourth street, an operator on women's dresses, attempted suicide to-day by jumping into the East River at the foot of Marginal street.

People on the recreation pier at the foot of Twenty-fourth street yelled "Woman overboard!" and Frederick Maloy, a thirty-year-old electrician in the Dock Department, living at No. 5204 Fifth avenue, Brooklyn, rushed to the rescue. He saw the young woman, she fought him off and Arthur O'Leary, a helper in the Dock Department, living at No. 43 Pike street, also jumped into the river and between them they managed to bring the woman to shore. At Bellevue she said her mother was sick and she was out of work and that she was despondent.

### MISSSES A \$210 ROLL.

Hotel Patron Complains and Two Clerks Are Arrested.

Patrick McNally, a San Antonio rancher, was to have departed for Boston this morning to visit his brother, but he is waiting over in this town until he can get his \$210 back. He is sure he had it with \$60 more in a canvas bag when he reached Smith & McNeil's hotel, No. 123 Washington street, yesterday. The property was owned by Arthur E. Sanford of No. 270 Summit avenue, that city.

Mr. Sanford had called earlier to pay his income tax. Efforts to find him afterward failed.

The youths, Leonard Kolodin of No. 138 Batton place, East Orange, and Harry Falkoff of No. 138 White street, Orange, took the wallet to Mr. Sanford's home at Nutley and gave it to him. Mr. Sanford, leaving their names and addresses.

## COOKS FORBIDDEN PILL OF OPIUM IN CONFINES OF DRUG-PROOF TOMBS

Dope Crusade of Miss Davis Fails to Keep Trovato From the Pipe.

Keeper White of the Tombs thought he smelled opium early this morning—opium in the prison from which Miss Katherine Davis, the Correction Commissioner, thought she had removed not only all drugs but all means of introducing others. White investigated. He traced the odor to the fourth tier to cell No. 414, and there, reclining at ease on his bunk, he saw Michael Trovato, who has been in prison since June 14 awaiting trial on two charges of grand larceny.

Trovato was twirling a yen hok, fashioned out of a woman's hatpin, over a lighted candle in lieu of a penut oil lamp, and the fragrant fumes of the opium rose appetizingly to a smoker. On the bunk lay his pipe, manufactured out of a plain tobacco pipe, its bowl plugged up and a tiny hole bored for the opium. A rubber hose was attached to lengthen the mouthpiece.

As White watched, unseen, Trovato slipped the cooked pill from his yen hok, tapped it down in his pipe and sighed luxuriously as he inhaled the first puffs, holding his pipe against the candle flame. Then White rushed for Warden Hanley.

Trovato had smoked half a dozen pills and was in a happy mood when the Warden arrived, but he wouldn't tell where he got his supply of opium. They confiscated his layout and searched his cell, but they found no more of the drug and finally abandoned the search, leaving further investigation to Miss Davis.

### 695 SAVED FROM WRECK LANDED AT GLASGOW

Other Passengers of Liner California Are at Londonderry—Know of No Loss of Life.

GLASGOW, Scotland, June 30.—The Donaldson liner Cassandra arrived here to-day with 695 passengers of the Anchor Line steamer California on board. The remainder of the passengers of the California, which is ashore on Tory Island, off the coast of Donegal, were landed at Londonderry yesterday.

The passengers report that during their transfer from the wrecked vessel a Glasgow man named Hood was injured. Officials of the Anchor Line say the reports they have received from the officers of the California do not mention anything about the killing of a man, a woman and a child in connection with the wreck, as reported in the London Daily Chronicle.

Henderson Bros., New York agents of the Anchor Line, gave out the following statement this afternoon: "The report of loss of life on the California is untrue. Every one has been accounted for and everybody is well."

DANVILLE, Ill., June 30.—In an attempt to liberate himself from the Williamsport (Ind.) jail to-day by means of a powerful explosive Walter Atchison, thirty-one years old, was killed, his head being blown off. The explosion, which took place while Sheriff Cogswill was absent, did much damage to the interior of the jail. Whether the explosive was dynamite or nitro-glycerine is not known and how he procured it is a mystery. Atchison was arrested yesterday on a charge of horse stealing. His home was near Henderson, Ky.

Milo H. Wollman, another Socialist who is also serving a six months' sentence, applied for a certificate of reasonable doubt through his attorney, Miss Mary R. Towle. Decision was reserved.

## I. W. W. THREAT TO JUDGE AND JURY TRYING AGITATOR

Told They Will Be Held Personally Responsible if Tresca Is Convicted.

With threats by the I. W. W. against Judge, jury and prosecution, the second trial of Carlo Tresca, one of the I. W. W. organizers, who is charged with inciting to riot in the recent silk strike, is going on at Paterson, N. J., to-day.

Prosecutor Dunn received a telegram ordered by a meeting of 300 members of the I. W. W., most of them silk workers, held in Casino Hall in East Fourth street, Paterson. The telegram said that Dunn, the jurors and the Judge would be held "personally and individually responsible" in the event of Tresca's conviction.

What this means was expressed by Alexander Berkman, the anarchist. "I am tired of these protest meetings," said he. "They do not accomplish anything. Six determined men, or even one man, by resorting to action, can do more to throw the fear of God into the capitalists than all the protest meetings in the world. We shall never fear Carlo Tresca by seeking justice in the courts."

### PLAN FOR TROLLEY FROM PELHAM TO CITY ISLAND

Bronx Grand Jury Recommends Permit to Run Tracks Through the Park.

The Grand Jury of the Bronx, after hearing statements from city officials and others interested, took steps to-day looking to the establishment of a street railway service from Pelham Park to City Island.

The Grand Jury in a presentment to Justice Brady recommends that Borough President Matthews ask the Board of Estimate to permit the Pelham Parkway and City Island Railroad to run trolley tracks through Pelham Park and across Eastern Parkway.

The Park Commissioners of the Bronx have insisted heretofore that the railway company must cross Eastern Parkway through a tunnel. This railroad company has been unwilling to do.
